

AGC Contractors Earn Millions In Workers' Compensation Dividends

Spring 2007 -- Imagine having your Workers' Compensation premium as a negative expense! One CompGroup AGC member realized that seemingly impossible task. Their story is just one of many during the 2006 banner year for members of the CompGroup AGC. Dividends of \$5,588,965 were earned by their members bringing their last five years dividend amount to a total of \$12,482,869.

This is happening in one of the most competitive markets that Texas employers have seen in the last decade. The fact that premiums are lower and dividends are still being earned is the real story.

CompGroup AGC Contractors are committed. They are committed to sending every one of their employees home safely. They are committed to work as partners with OSHA and the insurance carriers. They are committed to providing the best medical care, when there is an injury, so that their employee can quickly return to their workplace productively. They have a level of commitment that results in lower premiums due to decreasing experience modifiers. The dividends are impressive due to their favorable experience collectively.

All of these commitments began back in 1992 when several contractors from the various chapters of the AGC - Texas Building Branch saw a need that wasn't being met by the insurance marketplace. Because of the insight and dedication of these contractors, the CompGroup AGC was born. The CompGroup AGC is the premier purchasing group for Workers' Compensation for their commercial construction members.

Wondering why you aren't a member? Consider these benefits:

1. A competitive fully insured Workers' Compensation policy provided by the largest insurance carrier of Workers' Compensation in the State of Texas.
2. The premier construction association as your advocate to ensure attention to pricing, loss control and claims management.
3. The ability to maintain your relationship with your professional insurance agent for personal, dedicated insurance services.

If you are a commercial construction contractor and committed to safety, let us commit to saving you money. Visit us at www.compgroupagc.org.
